Note P.S. to Patton ltr: "These are just a few of the many Almighty God has seen fit to show me in answer to prayer in a lengthy thesis which is at the disposal of the US Govt any time they decide to treat me fairly & in a Christian manner and w/proper respect for God, man & nation."

Note for Record: Basic ltr read: "Just to remind you respectfully that a few things are still not known by the US Govt: (1) the fallacy of gravity-the great hoax of the 20th century (2) planetary flotation-How the earth is hung upon nothing (3) earth surface equilibrium-Or how you can stand on the surface of the earth at Wash, DC with the planet earth rotating some 850 mi per hr and not be burned into atomic dust w/the holocaust. EQUIPOISE. (4) factor of earth mass homogeneity-despite the dynamic centrifugal inertia, expansive thrust of earth-ocean weight mass (5) factor of spin axis, orbital direction space projection and orbit, planetary cosmic solar interstellar balance (6) the obsolescence of millions of dollars worth of textbooks on these subjects and the total ignorance of the whole scientific profession on the exact factors of cosmic celestial terrestrial interstellar forces of the physical universe. (7) terrestrial magnetism-What is its substance? (8) Earth electrical generation-or how does polarized magnetic flow accumulate in a giant generator, which at best is as dead as a dodo. (9) solar planetary plane-why in a plane at all? What keeps planets in a plane. Why does not the position of planets, suns, stars vary. (10) cosmic rays, their character & reaction. (11) the reality of night and day-totally misunderstood or just don't see the interstellar universe at all (12) why we see the heavens the Lord God formed and made and cannot see Him, because Satan has blinded our eyes. Yours very truly." See PS above
